

## Product Information

### Control Additive

## ADDI-PROX LC

is a specially designed additive for water miscible cutting fluids to prevent lead and copper releases.

### Benefits:

- Minimizes the formation of soaps
- Prevents corrosion of copper and brass materials
- Minimizes the separation of heavy metals
- Avoids staining on the work pieces
- Prevents the discolouration of emulsions and solutions

### Data of the Product (Concentrate):

Determination	Method	Unit	Value
Density, 68°F	ASTM D 1298	[kg/m <sup>3</sup> ]	1026
Kin. viscosity, 104°F	ASTM D 445	[mm <sup>2</sup> /s]	53

### Recommended concentration (depending on application and conditions):

0.1 – 0.5%

### Shelf Life/ Storage Conditions:

6 months under ambient storage conditions.

### Industrial Health and Safety - Environmental Protection:

For more details about health and safety please read the information on the safety data sheet.

### Disposal:

In compliance with the local waste regulations
