

Product Information

Control Additive

ADDI-PROX W894

is a multifunction additive, to be used as anti-foam agent and to improve the lubricating properties of water miscible cutting fluids.

Benefits:

- Free from silicon
- Compatible with all cutting fluid systems (stand-alone machines or central system)
- Reduces foam due to change in dispersity
- AW-additives ensure higher lubrication performance
- Immediate and reliable action prevents downtimes due to foaming problems
- No side-effect on the cutting fluid
- Easy-to-use

Data of the Product (Concentrate):

Determination	Method	Unit	Value
Density, 20°C	DIN 51 757	[kg/m ³]	900
Kin. viscosity, 40°C	DIN 53 018	[mm ² /s]	15
Refractive index, n _D ²⁰	DIN 51 423	---	1.481

Recommended concentration (depending on application and conditions):

Application as anti-foam agent: 0.1 – 0.7%
Application as lubricity agent: 0.5 – 3.0%

Shelf Life/ Storage Conditions:

6 months under ambient storage conditions.

Industrial Health and Safety - Environmental Protection:

For more details about health and safety please read the information on the safety data sheet.

Disposal:

In compliance with the local waste regulations
