

Product Information

Straight Oil

HYTAP PASTE

is a high performance tapping and drilling paste for heavy duty machining. The product is suitable for all materials and applications.

Benefits:

- Particularly suitable for demanding processes like tapping, deep drilling and reaming
- Wide range of application even on hard-to-machine materials such as steel, high-alloy steel, aluminum, non-ferrous metals, titanium, hard metals and cast iron
- Outstanding lubricating performance results in reduced tool wear and increased machine productivity
- Self emulsifying, easy to clean parts with aqueous media
- Disperses in machining coolant to prevent tramp oil
- Easy application: Simply apply directly on tool/ working area

Recommended concentration (depending on application and conditions):

100%

Shelf Life/ Storage Conditions:

12 months under ambient storage conditions.

Industrial Health and Safety - Environmental Protection:

According to Hazardous Materials Identification System the product is labeled –
Health = 0; Fire = 0; Reactivity = 0

Disposal:

In compliance with the local waste regulations
